Missouri Interexchange Telecommunications Tariff

January 23, 2006

for

Public Service Commission
MISSOURI

MCI Communications Services, Inc.

This tariff contains the description, regulations and rates applicable to the furnishing of service or facilities for Telecommunications Services furnished by MCI Communications Services, Inc., with principal offices at 701 Brazos, Suite 600, Austin, TX 78701. This tariff applies for services furnished within the State of Missouri. This tariff is on file with the Missouri Public Service Commission, and copies may be inspected during normal business hours at the company's principal place of business.

Pursuant to applicable Missouri Law, MCI Communications Services, Inc. operates as a competitive telecommunications company and all services offered are competitive telecommunications services.

All services will be provided in accordance with Commission rules and regulations.

ISSUED: August 5, 2005

EFFECTIVE: September 5, 2005

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

Missouri Public

APPLICABILITY

This tariff applies to Interexchange Telecommunications Services furnished by MCI WORLDCOM Communications, Inc. between and among points within the State of Missouri.

REC'D OCT 12 2001

Service Commission

Effective August 1, 2001, pursuant to the direction of the Federal Communications Commission (FCC), MCI WORLDCOM COMMUNICATIONS is canceling its federal tariffs for services with certain exceptions, including those pertaining to exchange access, casual calling, and basic long distance service during a 45-day period for customers who sign up for WorldCom service with a Local Exchange Carrier (LEC). International services for Residential and Small Business customers will also remain tariffed through January 27, 2002. Beginning August 1, service descriptions, definitions, terms and conditions, and pricing for the Business Markets services no longer federally tariffed may be found in the "Service Publication and Price Guide" located at the website at <http://www.worldcom.com>. Also, beginning August 1, service descriptions, definitions, terms and conditions, and pricing for state-to-state Residential and Small Business services no longer federally tariffed may be found i) at <http://www.mci.com/service> for Residential services and http://www.mci.com/sb/service_agreement for Small Business services, or ii) by calling 1-800-444-3333.

SECTION A - DEFINITION OF TERMS

REC'D SEP 09 1999

For the purpose of this tariff, the following definitions shall apply:

Access Coordination

Provides for the design, ordering, installation coordination, pre-service testing, service turn-up, and maintenance on an MCI WORLDCOM or customer provided local access channel.

Access Line

A dedicated arrangement which connects a customer location to an MCI WORLDCOM terminal location or an MCI WORLDCOM switching center.

Accounting Code

A two-digit code which is available to subscribers of Option A (Dial One/Direct Dial), Option B (Credit Card) and Option C (MCI WATS) which enables them to identify individual users and thereby allocate the cost of their long distance service.

Accounting Code (Vnet Service)

Customer-defined, non-verified codes which can be used to identify a project or an account for allocating the cost of the long distance call. From a dedicated access line, an Accounting Code can consist of up to seven digits but when used with an ID Code (as defined herein), the total number of digits cannot exceed seven. From a Vnet Dial "1" telephone number, an Accounting Code will consist of two digits and cannot be dialed in conjunction with an ID Code.

Administrative Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes to authorization codes, speed numbers, route guide, consolidation of billing within Dedicated Leased Line Service, verification of testing performed by parties other than MCI, or any other administrative change not covered by a Billing Record Change (see below for definition).

Application for Service

A standard MCI WORLDCOM order form which includes all pertinent billing, technical and other descriptive information which will enable MCI WORLDCOM to provide a communication service as required.

Attenuation Distortion

The difference between the amount of power lost at certain frequencies compared to the power lost at a frequency of 1004 Hz. Used in connection with C-Type conditioning.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

Authorization Code

A five-digit or 14-digit code, one or more of which are available to Metered Use Service customers to enable them to identify individual users or groups of users, and thereby allocate the costs of their long distance service.

Bandwidth

The total frequency band, in hertz, allocated for a channel.

Billing Record Change

A change in customer billing address.

Called Station

The station called, or the terminating point of a call.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

Calling Circle

For customers subscribing to the Friends & Family Program Domestic Option A (Friends & Family Original), a Calling Circle includes U.S. telephone numbers, including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/Direct Dial);

As used in conjunction with the Domestic Calling Promotion A, a Calling Circle includes U.S. telephone numbers, including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/ Direct Dial);

For customers subscribing to the Friends & Family Program Domestic Option B, a Calling Circle includes U.S. telephone numbers including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/Direct Dial).

As used in conjunction with the Friends of the Firm Program, a Calling Circle is defined as follows:

In connection with Metered Use Service Option G (Prism Plus), a Calling Circle is a group of up to twenty (20) telephone numbers, which numbers are presubscribed to MCI WORLDCOM;

The telephone numbers included in a Calling Circle may be changed by the Subscriber from time to time.

Telephone numbers which are not capable of being presubscribed to an interexchange carrier (except for the Best Friends number), and telephone numbers which are associated with MCI 800 service (other than those associated with the Personal 800 Option), or MCI 900 Service, payphone numbers, institutional telephone numbers and numbers associated with MCI WORLDCOM services other than switched services will not be eligible for inclusion in Calling Circles.

REC'D APR 16 2001

Service Commission

SECTION A - DEFINITION OF TERMS (CONT.)

Calling Station

The station from which a call is originated.

Cancellation of Order

A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each circuit-end or dedicated access line canceled from an order prior to its completion by MCI WORLDCOM, under the following circumstances: (1) if the local Telco has confirmed in writing to MCI WORLDCOM that the circuit-end or dedicated access line will be installed; or (2) if MCI WORLDCOM has already submitted facilities orders to an interconnecting telephone company (this differs from a Disconnection, see page 6.1 for definition).

Casual Caller

Denotes any person who uses MCI WorldCom service from an equal access end office who does not have a current account with the Company for services subject to this tariff, to include: (i) any person who has not established an account with the Company who places calls over the Company's network from an equal access area; (ii) any presubscribed customer located in an equal access area who has either voluntarily terminated his MCI WorldCom account or has had his MCI WorldCom account terminated in accordance with the terms and conditions set forth in Sections B-5 and B-10; and (iii) new or allocated customers whose accounts are not yet established in the Company's billing system.

Central Office Connection

Connects the Inter-Office Channel (as defined herein) of a Dedicated Leased circuit or connects the access port of a switched channel to the Local Access Channel (as defined herein).

Channel or Circuit

A communications path between two or more points, having a bandwidth or transmission speed selected by a customer.

Channel Bank (M24 or M44)

A device that converts Analog voice frequency channels into digital formats and multiplexes these channels and/or data channels into a 1.544 mbps digital signal.

Channel Options

Features which can be added to a local access channel to change and/or augment its transmission characteristics. Typical channel options are signaling and data conditioning.

SECTION A - DEFINITION OF TERMS (Cont.)

Service Commission

Channel Termination

The point at which MCI WORLDCOM's channel originates, terminates, or drops for the insertion or removal of a customer's signal.

CCSA

An arrangement for switched service networks in which common control MCI WORLDCOM switching machines are used to switch network trunks. The switching machines may be shared with other users.

Collect Call

A billing arrangement which bills the charge for a long distance call to the called station's telephone number. The person agreeing to accept the call, whether they are an MCI WORLDCOM customer or not, is responsible for all charges related to the call. Regardless of whether the person is an MCI WORLDCOM customer or not, he or she is subject to the provisions of this tariff which are applicable to the call accepted.

Commercial Service

A switched network service which provides for dial station originations for which the subscriber pays a rate that is described as a business or commercial rate in the applicable local exchange service tariff for switched service.

Company

MCI WORLDCOM Communications, Inc..

Customer

The person, firm, corporation or other entity which orders service either for its own use, as a resale carrier, or as a non-profit manager of a sharing group and which is responsible for the payment of charges and for compliance with MCI WORLDCOM tariff regulations. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one MCI WORLDCOM originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes. A customer may also function as a Casual Caller as defined in this Tariff.

N
N

Customer-Provided Terminal Equipment

Terminal equipment, as defined herein, provided by a customer.

Dedicated Access/Termination

Dedicated Leased Line facilities used between the customer's premises or serving central office and the MCI WORLDCOM terminal for origination or termination of calls.

Collect Call

A billing arrangement which bills the charge for a long distance call to the called station's telephone number. The person agreeing to accept the call, whether they are an MCI WORLDCOM customer or not, is responsible for all charges related to the call. Regardless of whether the person is an MCI WORLDCOM customer or not, he or she is subject to the provisions of this tariff which are applicable to the call accepted.

Commercial Service

A switched network service which provides for dial station originations for which the subscriber pays a rate that is described as a business or commercial rate in the applicable local exchange service tariff for switched service.

Company

MCI WORLDCOM Communications, Inc..

Customer

The person, firm, corporation or other entity which orders service either for its own use, as a resale carrier, or as a non-profit manager of a sharing group and which is responsible for the payment of charges and for compliance with MCI WORLDCOM tariff regulations. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one MCI WORLDCOM originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes.

Customer-Provided Terminal Equipment

Terminal equipment, as defined herein, provided by a customer.

Dedicated Access/Termination

Dedicated Leased Line facilities used between the customer's premises or serving central office and the MCI WORLDCOM terminal for origination or termination of calls.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

D-6 Conditioning

D-6 Conditioning is used to control Attenuation Distortion, Envelope Delay Distortion, Phase Jitter, Signal to Noise Ratio, and Intermodulation Distortion for the support of data transmission above speeds of 9,600 bps and up to 19,200 bps on two-point channels. Local Channels or other access connected to an Interoffice Channel equipped for D-6 Conditioning must meet the parameters defined in Section A, under Local Access Channel Data Conditioning.

The parameters for D-6 which apply between MCI WORLDCOM's Point of Presence in the served cities are:

Signal to Noise Ratio: equal to or greater than 32 dB

Intermodulation Distortion

Signal to second order modulation products: equal to or greater than 45 dB

Signal to third order modulation products: equal to or greater than 46 dB

Attenuation Distortion

Frequency Range (Hz): 404 - 2804

Variation (dB): -1.0 to +4.5

Envelope Delay Distortion

Frequency Range (Hz): 604 - 2804

Variation (dB): less than or equal to 650 mcs

Phase Jitter

Frequency Range (Hz): 20 - 300

Variation (dB): less than or equal to 4 degrees peak-to-peak

Frequency Range (Hz): 4 - 300

Variation (dB): less than or equal to 7 degrees peak-to-peak

Missouri Public Service CommissionSECTION A - DEFINITION OF TERMS (CONT.)

REC'D SEP 09 1999

Envelope Delay Distortion

Denotes a measure of the linearity of the phase versus frequency of a channel. It is the maximum Variation over a band of frequencies of the envelope delay, which is the derivative of the phase with respect to frequency. Used in connection with C-type conditioning.

Exemption Certification

A written notification provided by the customer certifying that his or her dedicated facility should be exempted from the monthly Special Access Surcharge because (a) the facility terminates in a device not capable of interconnecting MCI WORLDCOM's service with the local exchange network or (b) the facility is associated with a Switched Access Service that is subject to Carrier Common Line Charges. Credit provisions are available, as detailed in Section B-7.06.

Expedite

A service order initiated at the request of the customer, plus the accompanying installation or change to related circuits, that is processed in a time period shorter than the MCI WORLDCOM standard service interval.

Fiber-Only Routing

A channel will be provisioned exclusively on fiber optic transmission facilities between MCI WORLDCOM points of presence.

Four-Wire Circuit

A circuit using two one-way transmission paths, which include two carrier paths and two wire pairs.

ID Code (Vnet Service)

A customer defined, verified code used to identify the user making a Vnet call. From a dedicated access line, an ID Code can consist of up to seven digits, but when used with a non-verified Accounting Code (as defined herein), the total number of digits cannot exceed seven. From a Vnet Dial "1" telephone number, an ID Code will consist of 2 digits and cannot be dialed in conjunction with an Accounting Code.

Installation

The connection of a circuit, dedicated access line or port for new or additional service.

SECTION A - DEFINITION OF TERMS (CONT.)

REC'D SEP 09 1999

Institutional Phones

Telephones, other than payphones, located in public institutions such as universities, prisons, or public offices, or in hotels or motels, or in other premises where the subscriber to MCI WORLDCOM service may not be able to control access to the phones.

Inter-Office Channel

The long-haul portion of a dedicated circuit that connects two or more points of presence (as defined herein) in distant cities.

Inter-Office Conditioning

Special adjustments made to the long-haul portion of a dedicated circuit (required for data circuits only) to assure specific performance levels required for high-speed data transmission.

Interswitch Trunk

A circuit which connects two CCSA switching centers.

Intermodulation Distortion

A measure of the non-linearity of a channel used in connection with D-type conditioning.

Joint Users

A person, firm or corporation designated by the customer as a user of communication facilities furnished to the customer by MCI WORLDCOM, and to whom a portion of the charge for such facilities are billed under a joint user arrangement.

LATA (Local Access Transport Area)

A geographical area established by the U.S. District Court for the District of Columbia in Civil Action No. 17-49, within which a local exchange company provides communications services.

Local Access Channel

The dedicated line that connects the customer's premise to MCI WORLDCOM's point of presence (as defined herein).

Local Access Channel Data Conditioning

Special conditioning of the local access channel of a dedicated circuit in order to meet performance specifications required for processing data over the circuit. The customer is responsible for requesting the specific type of conditioning required.

Parameters for C-Type conditioning are as follows:

C-1 Conditioning - The attenuation distortion and envelope delay distortion parameters for C-1 conditioning are:

Attenuation Distortion (1004Hz Reference):

<u>Frequency Range (Hz):</u>	<u>Variation (dB)</u>
1004 - 2404	-1.0 to +3.0
304 - 2704	-2.0 to +6.0
2704 - 3004	-3.0 to +12.0

Envelope Delay Distortion:

<u>Frequency Range (Hz):</u>	<u>Variation (mcs)</u>
1004 - 2404	1000
804 - 2604	1750

C-2 Conditioning - The attenuation distortion and envelope delay distortion parameters for C-2 conditioning are:

Attenuation Distortion (1004Hz Reference):

<u>Frequency Range (Hz):</u>	<u>Variation (dB)</u>
504 - 2804	-1.0 to +3.0
304 - 3004	-2.0 to +6.0

Envelope Delay Distortion:

<u>Frequency Range (Hz):</u>	<u>Variation (mcs)</u>
1004 - 2604	500

Member

As used in conjunction with the Friends & Family Program or the Friends of the Firm Programs, a Member is a MCI WORLDCOM customer whose telephone number is included in a Calling Circle. An MCI WORLDCOM customer may be a Member of an unlimited number of Calling Circles.

Multiline Terminating Device

Denotes switching equipment, key telephone type systems or other similar customer premise terminating equipment which is capable of terminating more than one access line.

Multipoint Arrangement

An arrangement whereby an Inter-Office Channel connects customer locations serviced by more than two MCI WORLDCOM Points of Presence and/or where an Inter-Office Channel connecting two or more MCI WORLDCOM Points of Presence connects three or more customer locations.

Network Trunks

Access lines, interswitch trunks, and circuits connecting services and facilities of MCI WORLDCOM or other carriers to MCI WORLDCOM CCSA switching centers.

Off-Network Access Line

A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from an MCI WORLDCOM switched service network to the DDD network.

Non-Qualified Commercial Affinity Group:

an association or affiliation of business entities whose members/individuals are not organized for the sole purpose to qualify for the discounts described herein.

Non-Qualified Residential Affinity Group:

an association or affiliation of residential users whose members/individuals are not organized for the sole purpose to qualify for the discounts described herein.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

One-Way Transmission

The capability of transmission in only one direction.

Other Common Carrier

A person, firm, corporation or entity which subscribes to MCI WORLDCOM's communication services and facilities and resells these communication services and facilities to the public for profit. Unless otherwise indicated herein, the term "other common carrier" when used in this tariff also means "customer" and includes entities which are brokers of the service (act as intermediaries for the purposes of reselling), those entities which are processors of the service (enhance the value of the service through substantial incurred costs), and those entities which are underlying carriers (own transmission facilities).

Person-to-Person

A service for which the person originating the call specifies to the Company operator a particular person, mobile station, department, extension, or office to be reached. If the called party is unavailable and the calling party requests or agrees to speak to a party other than the party initially specified, the call is still billed as a Person-to-Person.

Physical Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, requiring some physical change or retermination.

Point of Presence

MCI WORLDCOM's physical presence in a LATA (as defined herein). Locations where MCI WORLDCOM maintains a Terminal Facility for purposes of providing Interexchange Telecommunications Services.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

Premises

The space designated by a customer at its place or places of business for termination of MCI WORLDCOM service, whether for its own communications needs or for the use of its resale customers. In the case of the non-profit sharing group, this term includes space at each sharer's place or places of business, as well as space at the customer's place of business.

Redundancy

The offering of alternate Interexchange Telecommunication Services which may be provided using one or more different routings, circuits, and/or additional equipment.

Residential Service

A switched network service which provides for dial station originations for which the subscriber pays a rate that is described as a residential, non-commercial, or non-business rate in the applicable local exchange service tariff for switched service.

Restoration

The re-establishing of service by rerouting, substitution of component parts, or otherwise, as determined by the carrier(s) involved.

Route Diversity

Two channels which are furnished partially or entirely over two physically separate routes.

Service Group

The term "Service Group" as used in connection with MCI WATS denotes one or more MCI WATS dedicated access lines terminated in the same multiline terminating device at the same customer premises.

Shared Access

Utilization of the local exchange network facilities for origination of Vnet calls.

Shared Termination

Utilization of the local exchange network facilities for termination of Vnet calls.

Shared Transport

Utilization of MCI WORLDCOM's switched network for the long-haul portion of Vnet calls.

Signaling

Line status communications between MCI WORLDCOM terminal and/or local exchange carrier central offices, required for voice grade dedicated circuits only.

Signal to Noise Rates

The ratio in dB of a tone signal to the corresponding noise. Used in connection with D-Type Conditioning.

Special Promotional Offering

Special discounts or modifications of its regular service offerings which MCI WORLDCOM may, from time to time, offer to its customers for a particular service. Such offerings may be limited to certain dates, times and locations subject to tariff or commission approval.

Subscriber

As used in conjunction with the Friends of the Firm Program, a Subscriber is an MCI WORLDCOM customer who undertakes to establish a Calling Circle by giving MCI WORLDCOM a list of proposed Members and their telephone numbers (ANIs). As used in conjunction with the Friends & Family program, a Subscriber is an MCI WORLDCOM customer who enrolls in a Friends & Family program. An MCI WORLDCOM customer cannot be a Subscriber for more than one Calling Circle. As used in conjunction with other MCI WORLDCOM services, a Subscriber is an MCI WORLDCOM customer who has ordered the MCI WORLDCOM service.

Two-Way Transmission

The capability of transmission in either direction or in both directions at once.

Two-Wire Circuit

A circuit using two one-way carrier transmission paths, plus one wire-pair.

Missouri Public
Service CommissionSECTION B - RULES AND REGULATIONS

REC'D SEP 09 1999

1. DESCRIPTION OF SERVICE

- .01 Interexchange Telecommunication Services is the furnishing of MCI WORLDCOM services for communications between specified locations under the terms of this tariff. Channels will be those of MCI WORLDCOM alone, or MCI's in conjunction with those of other participating, concurring or connecting carriers.
- .02 Interexchange Telecommunication Services consists of the furnishing for the use of customers, of channels for the direct transmission and reception of communications between the MCI WORLDCOM Metropolitan Area Terminal City Locations or MCI WORLDCOM terminals and all service offerings contained herein which anticipate the provision of such channels as part of the offering are included in this category. Such service has the capability of being extended beyond the respective MCI WORLDCOM Terminal Locations.
- .03 MCI WORLDCOM, when acting at the customer's request and as his authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment and circuit conditioning.

2. LIMITATIONS

- .01 Service is offered subject to the availability of facilities and the provisions of this tariff.
- .02 MCI WORLDCOM reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff, or in violation of the law.
- .03 Calls may not be placed using a Local Exchange Company's calling card whenever there is no obligation on the part of the Local Exchange Company issuing the calling card to invoice such calls on MCI WORLDCOM's behalf, and calls may not be placed or received using 1010XXX dialing or collect or third party calling conventions, e.g., 1-800-COLLECT, whenever there is no obligation on the part of the serving Local Exchange Carrier to invoice such calls on MCI WORLDCOM's behalf or whenever that Carrier fails to provide billing name and address (BNA) information to MCI WORLDCOM in connection with such calls.

4. LIABILITY

- .01 The liability of MCI WORLDCOM for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service, and not caused by the negligence of the customer or of MCI WORLDCOM in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs.
- .02 MCI WORLDCOM shall be indemnified and held harmless by the customer against:
- .021 claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over MCI WORLDCOM's channels; and
- .022 patent infringement claims arising from combining or connecting MCI WORLDCOM-furnished channels with apparatus and systems of the customer; and
- .023 all other claims arising out of any act or omission of the customer in connection with any service provided by MCI WORLDCOM.
- .03 MCI WORLDCOM is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- .04 MCI WORLDCOM does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. The customer indemnifies and holds MCI WORLDCOM harmless from any and all loss, claims demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

REC'D SEP 09 1999

4. LIABILITY (Cont.)

- .05 The customer indemnifies and holds MCI WORLDCOM harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to, or death of, any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of MCI WORLDCOM'S negligence.
- .06 MCI WORLDCOM is not liable for any defacement of, or damage to, the premises of a customer resulting from the furnishing of channel facilities or the attachment or instruments, apparatus and associated wiring furnished by MCI WORLDCOM on such customer's premises or by the installation or removal thereof, when such defacement or damage is not the result of MCI WORLDCOM negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of MCI WORLDCOM.
- .07 The customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment of communications systems with MCI WORLDCOM facilities. He shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.

REC'D SEP 09 1999

4. LIABILITY (Cont.)

.08 The customer shall ensure that his equipment and/or system is properly interfaced with MCI WORLDCOM facilities, that the signals emitted into MCI's network are of the proper mode, bandwidth, power, data speed, and signal level for the intended use of the customer and in compliance with the criteria set forth in Section B-12.03 following, and that the signals do not damage MCI WORLDCOM equipment, injure personnel or degrade service to other customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, MCI WORLDCOM will permit such equipment to be connected with its channels without the use of protective interface devices. If the customer fails to maintain and operate his equipment and/or system properly, with resulting imminent harm to MCI WORLDCOM equipment, personnel, or the quality of service to other customers, MCI WORLDCOM may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety, MCI WORLDCOM may, upon written notice, terminate the customer's service.

.09 With respect to Metered Use Service Option N (MCI Prepaid Calling Card Service, MCI WORLDCOM makes no warranty, guarantee, or representation, either expressed or implied, regarding the merchantability, accuracy, reliability, condition, or fitness of the information provided in connection with the use of the card.

5. CANCELLATION OF SERVICE BY A CUSTOMER

(See Section B-10 for cancellation by MCI WORLDCOM)

.01 If a customer cancels his order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and MCI WORLDCOM, a charge will be levied upon the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by MCI WORLDCOM and not fully reimbursed by installation and monthly charges. If, based on an order by a customer, any construction has either begun or been completed, but no services provided, the nonrecoverable cost of such construction shall be borne by the customer.

6. USE OF SERVICE

- .01 The service offered herein may not be used for the unauthorized provision of Message Telecommunications Service or Wide Area Telecommunications Service equivalents. Service furnished by MCI WORLDCOM may be used for one or more of the following:
- .011 for the transmission of communications by the customer.
- .012 for the transmission of communications to or from as authorized user or joint user.
- .013 for the transmission of communications to or from a customer of another common carrier, which has subscribed to MCI WORLDCOM's communications services for purposes of resale of WATS or WATS-like service.
- .02 Service furnished by MCI WORLDCOM may be arranged for joint use or authorized use. The joint user or authorized user shall be permitted to use such service in the same manner as the customer, but subject to the following:
- .021 One joint user or authorized user must be designated as the customer. The designated customer does not necessarily have to have communications requirements of his own. The customer must specifically name all joint users or authorized users in the Application for Service. Orders which involve the start, rearrangement or discontinuance of joint use or authorized use service will be accepted by MCI WORLDCOM only from that customer and will be subject to all regulations of this tariff.

6. USE OF SERVICE

REC'D SEP 09 1999

.02 (Cont.)

- .022 All charges for the service will be computed as if the service were to be billed to one customer. The joint user or authorized user which has been designated as the customer will be billed for all components of the service and will be responsible for all payments to the company. In the event that the designated customer fails to pay the company each joint user or authorized user shall be liable to the company for all charges incurred as a result of its use of MCI WORLDCOM's Service. Each joint or authorized user must submit to the designated customer a letter accepting contingent liability for its portion of all charges billed by the company to the designated customer. This letter must also specify that the joint or authorized user understands that the company will receive a copy of the guaranty from the designated customer. Unless Supportive Services are provided (See Section D), the customer shall be responsible for allocating charges to each joint user or authorized user.

6. USE OF SERVICE (Cont.)

- .03 Metered Use Service Option A (Dial One/Direct Dial) furnished by MCI WORLDCOM Section C-3.02) may, at a customer's option, be arranged for use under Corporate (Group) Account Billing. Group Account Billing specifies a combined monthly minimum usage charge for multiple business locations which the customer owns, franchises, manages, or directs, of \$2500 for all sub-accounts.^{1/} The applicable Volume Discount, as set forth in Section C-3.0213, will be based upon the total combined monthly usage for all sub-accounts. Charges for optional features, detailed in Section C-3.0215, will be waived for all Corporate (Group) Account Billing Customers of Metered Use Service Option A. Customers who elect this billing option are subject to the following:
- .031 The customer electing this option shall be designated as the Sponsor, and as such must accept financial responsibility for all sub-accounts included under the Group Account Billing arrangement. Should the total monthly usage charges for all sub-accounts fail to satisfy the applicable monthly minimum usage charge, the Sponsor is responsible for payment of the differences.
- .032 The Sponsor must specifically name all sub-accounts in the application for Group Account Billing. Further, orders which involve the start or discontinuance of service will be accepted by MCI WORLDCOM only from the Sponsor and will be subject to all regulations in this tariff.
- .033 Each sub-account will be deemed to be a customer of MCI WORLDCOM, and will be billed separately for its MCI WORLDCOM service and will be responsible for payments to MCI WORLDCOM. In the event that a sub-account fail to pay MCI WORLDCOM the Sponsor shall be liable to MCI WORLDCOM for all charges incurred as a result of such sub-account's use of MCI WORLDCOM's service. Prior to initiation of service under Group Account Billing, the Sponsor must submit to MCI WORLDCOM a letter accepting the terms and conditions set forth herein.

Missouri Public
Service Commission

FILED NOV 30 1999

^{1/} A grace period, consisting of the initial (partial) month and the next three full billing months, will be extended to new customers. During this period, the monthly minimum usage charge will not be billed.

6. USE OF SERVICE (Cont.)

.05 Service furnished by MCI WORLDCOM shall not be used:

.051 For any unlawful purpose

.06 MCI Metered Use Service Option L (MCI 900)

.061 MCI WORLDCOM, pursuant to a separate contract with a customer for MCI 900 Service, provided pursuant to this tariff may undertake to enter into contractual arrangements with others to perform caller billing on behalf of the 900 Service customer. Such contracts may require, among other things that the customer submit to MCI WORLDCOM a copy of all scripts of pre-recorded messages, to be placed on MCI's 900 Service, along with a copy of any advertising and promotional materials, which MCI WORLDCOM in turn may furnish to those requested to perform the billing.

.062 A Customer shall not use the MCI 900 Service to transmit obscene, indecent or otherwise unlawful messages. MCI WORLDCOM reserves the right to withhold service or discontinue service, without notice of a message is unlawful.

.063 MCI WORLDCOM will use reasonable efforts to block MCI 900 Service call origination from the following types of locations: public payphones; prisons; hospitals; educational institutions; and hotels and motels. Notwithstanding this undertaking, a customer shall remain responsible for charges for use of the MCI WORLDCOM network arising from calls placed to a Customer's 900 number(s) from such locations.

.064 A customer for MCI 900 Service shall reasonably disclose to potential callers in promotional materials, which shall include but not be limited to all written or broadcast advertising, the charges, the charges to be billed to callers using the service.

.065 MCI WORLDCOM reserves the right to change a customer's 900 Service number and may do so upon providing the customer with seven days' notice of the change.

SECTION B - RULES AND REGULATIONS (Cont.)6. USE OF SERVICE (Cont.).08 Directory Assistance (Cont.)

Up to one requests may be made on each call to Directory Assistance. The Directory Assistance Bureau will furnish requested telephone numbers. The Directory Assistance charge applies to each call regardless whether the Directory Assistance Bureau is able to furnish the requested number. In addition to the Directory Assistance charge, the following surcharges will apply: Surcharges associated with Option G (Prism Plus) calling card calls; the surcharge associated with Option Q (MCI MASTERS) off-campus calls; Option B (Credit Card); and the surcharges associated with operator assisted calls. The Operator Dialed Surcharge will not apply to Directory Assistance calls made using an MCI WORLDCOM Calling Card. Directory Assistance calls will not be applied nor calculated as part of the Volume Discounts offered under the Metered Use Service Options referenced herein. Customers will be provided a credit allowance in the event of poor transmission quality, receipt of an incorrect telephone number, or if the Directory Assistance Number is inadvertently misdialed.

D
|
DResidential Directory Assistance Call Completion

The customer may request that the Directory Assistance operator complete the calls made within the state for one of the numbers provided under Section B-6.04. The customer will be charged an additional undiscountable surcharge of \$0.35 per completed call. The customer will be charged the per minute rate for switched originating direct dial usage for the MCI WORLDCOM service to which the customer is pre-subscribed for completed calls. Call Completion is available to residential customers only. Call Completion is not available to callers who are not pre-subscribed to any MCI WORLDCOM service, or for calls to toll free, 500, 700, 900 and 976 numbers.

Missouri Public
Service CommissionSECTION B - RULES AND REGULATIONS (Cont.)

REC'D SEP 09 1999

6. USE OF SERVICE (Cont.).08 Directory Assistance (Cont.)

Up to two requests may be made on each call to Directory Assistance. The Directory Assistance Bureau will furnish requested telephone numbers. The Directory Assistance charge applies to each call regardless whether the Directory Assistance Bureau is able to furnish the requested number. In addition to the Directory Assistance charge, the following surcharges will apply: Surcharges associated with Option G (Prism Plus) calling card calls; the surcharge associated with Option Q (MCI MASTERS) off-campus calls; Option B (Credit Card); and the surcharges associated with operator assisted calls. The Operator Dialed Surcharge will not apply to Directory Assistance calls made using an MCI WORLDCOM Calling Card. Directory Assistance calls will not be applied nor calculated as part of the Volume Discounts offered under the Metered Use Service Options referenced herein. Customers will be provided a credit allowance in the event of poor transmission quality, receipt of an incorrect telephone number, or if the Directory Assistance Number is inadvertently misdialed.

Residential Directory Assistance Call Completion

The customer may request that the Directory Assistance operator complete the calls made within the state for one of the numbers provided under Section B-6.04. The customer will be charged an additional undiscountable surcharge of \$0.35 per completed call. The customer will be charged the per minute rate for switched originating direct dial usage for the MCI WORLDCOM service to which the customer is pre-subscribed for completed calls. Call Completion is available to residential customers only. Call Completion is not available to callers who are not pre-subscribed to any MCI WORLDCOM service, or for calls to toll free, 500, 700, 900 and 976 numbers.

SECTION B - RULES AND REGULATIONS (Cont.)6. USE OF SERVICE (Cont.).09 Payphone Use Charge

An undiscountable per call charge, as authorized by F.C.C. Docket No. 96-128, is applicable to calls that originate from any payphone within the state used to access MCI WORLDCOM services as follows. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with MCI service, is applicable to toll free access (i.e., 800, 888, and 950) and dial around (i.e., 1010XXX) telephone calls from payphones, and applies for the use of the instrument used to access MCI service and is unrelated to the MCI service access from the payphone. Customers will be charged the Payphone Use Charge for each call placed from a payphone within the state using the products listed below.

The Payphone Use Charge does not apply to calls using Telecommunications Relay Service; calls originated by customers with qualified hearing or speech impairment who are certified as described in Sections C-3.0213 and C-3.0214; and calls placed from payphones at which the customer pays for service by inserting coins during the progress of the call.

The Following per call Payphone Use Charge will be applied to payphone calls made by customers of:

Option A (Dial One/Direct Dial)	\$0.55	I
Option B (Credit Card)	\$0.55	I
Option C (MCI WATS)	\$0.55	I

SECTION B RULES AND REGULATIONS (CONT.)6. Use Of Service11. No Fault Found Dispatch Charge for Business Customers

The Customer is responsible for the payment of a No Fault Found Dispatch Charge when:

- when requested by the Customer, maintenance personnel visit the Customer's premises, and
- as a result of the visit, the proper functioning of the WorldCom service is confirmed (i.e., the cause of the trouble condition was other than a malfunction of a WorldCom service or of WorldCom maintained equipment). This can include, but not be limited to, customer requested dispatches:
- Where the root cause of a trouble is proven to be within the scope of the customer's or customer's vendor-owned equipment not maintained by WorldCom.
- Where the root cause of a trouble has been proven to be within the scope of the customers or customer's vendor-owned inside wiring.
- To provide WorldCom technical assistance to the customer or customer's vendor in performing specific testing to isolate a problem which has been proved off the WorldCom network and is not within any WorldCom contract supported area.
- To provide WorldCom technical assistance to the customer or customer's vendor in isolating or repairing a fault or installation support for areas not within WorldCom contract supported equipment, network or services.
- In which the root cause of a trouble has been proven to be off the WorldCom network and is not within any WorldCom contract supported area and proves to be within the scope of the customer's or customer's vendor-owned network.

The charges are non-recurring, and are charged per visit as follows:

Normal Working Hours : \$265 per visit

Outside of Normal Working Hours : \$400 per visit

Normal Working Hours are defined as Monday to Friday, 7am to 7pm in the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours.

Any Dispatch that begins or ends from 12:01 am to 12:00 am the following day the time zone of the customers Premises on these holidays will also be considered 'Outside of Normal Working Hours':

.03 MCI WORLDCOM may invoice low usage customers every other month unless a customer requests monthly billing. This billing option will be administered as follows:

Customers whose prior four (4) months billing averages \$15.00 or less per month will be provided optional bimonthly billing. Customers who subscribe to MCI WORLDCOM Calling Plans are not eligible for bimonthly billing.

Notice will be sent to qualifying customers that bimonthly billing will thereafter be initiated unless that customer exercises his/her desire to remain on a monthly billing basis by calling MCI WORLDCOM's Customer Service Office at 1-800-444-3333.

Qualified Customers will receive bimonthly billing at no charge. Customers may request to be returned to monthly billing at no charge by calling MCI WORLDCOM's Customer Service Office. Customers may exercise a billing change of monthly-bimonthly billing only once within a six month time period. There is no charge to the customer for Company initiated monthly-bimonthly billing changes.

Charges for installation, physical or administrative changes, expedites, or for cancellation of orders are payable upon completion. If, because of any such activity a non-MCI WORLDCOM carrier or supplier levies additional charges, these charges shall be passed on to the customer. Recurring charges are billed in advance.
- .02 For residential customers, a late payment charge of 1.5% may be assessed on any unpaid balance, where capabilities exist. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice, including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. Residential customers will have at least twenty one (21) days from rendition of bill to pay charges stated. Business customers' bills are payable upon receipt.

- .03 MCI WORLDCOM may invoice low usage customers every other month unless a customer requests monthly billing. This billing option will be administered as follows:

Customers whose prior four (4) months billing averages \$15.00 or less per month will be provided optional bimonthly billing. Customers who subscribe to MCI WORLDCOM Calling Plans are not eligible for bimonthly billing.

Notice will be sent to qualifying customers that bimonthly billing will thereafter be initiated unless that customer exercises his/her desire to remain on a monthly billing basis by calling MCI WORLDCOM's Customer Service Office at 1-800-444-3333.

Qualified Customers will receive bimonthly billing at no charge. Customers may request to be returned to monthly billing at no charge by calling MCI WORLDCOM's Customer Service Office. Customers may exercise a billing change of monthly-bimonthly billing only once within a six month time period. There is no charge to the customer for Company initiated monthly-bimonthly billing changes.

7. PAYMENT ARRANGEMENTS (Cont.)

.03 (Cont.)

Bimonthly billing customer accounts are reviewed quarterly and if the monthly billing average exceeds \$25.00, the customer will be provided monthly billing. Notice will be sent to qualifying customers that monthly billing will thereafter be initiated unless that customer exercises his/her desire to remain on a bimonthly billing basis by calling MCI WORLDCOM's Customer Service Office at 1-800-444-3333.

.04 Recovery of Collection Costs

- .041 Non-Residential Service: If the Company incurs any fees or expenses, including attorney's fees, in collecting, or attempting to collect any charges owed the Company by a Non-Residential Service customer, the customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.
- .042 Residential Service: If the Company hires a collection agency to collect, or attempt to collect, any charges owed the Company by a Residential Service Customer, the customer will be liable to the Company for an additional payment equal to 35 percent of the charges owed, where permitted by applicable law. If the Company incurs any fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company other than by hiring a collection agency, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION B - RULES AND REGULATIONS (Cont.)7. PAYMENT ARRANGEMENTS (Cont.)

- .05 Business or Commercial customers whose financial condition is not acceptable to MCI WORLDCOM, or is not a matter of general knowledge, may be required at any time to make a deposit not to exceed an amount equal to three times the average bill during the preceding six-month period for services at the customer's premises, or if such information is not available, up to an amount equaling the installation charges, if applicable, and/or up to three months estimated charges for the service to be provided. In the case of a cash deposit, interest at the rate paid in that locality for escrow accounts will be paid for the period during which the deposit is held by MCI WORLDCOM. Such deposit may be refunded or credited to the customer at any time after six months of good credit upon request of the customer prior to termination of service. Upon termination of service, the deposit, with accrued interest, shall be credited to the final bill, and any credit balance shall be returned promptly to the customer.
- .06 The charges set forth in this tariff for channel terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges.
- .07 If notice of a dispute as to charges is not received, in writing, by MCI WORLDCOM within two years after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.
- .08 MCI WORLDCOM will cease billing the Special Access Surcharge upon receipt of the Exemption Certification (as defined herein). If the status of the private line facility was changed prior to receipt of the exemption certification, MCI WORLDCOM will credit the customer's account, not to exceed three months, based on the effective date of the change specified by the customer in the letter of certification. Upon the effective date of the Special Access Surcharge, MCI WORLDCOM will bill such surcharges for private line facilities presently in-service. Customers who provide exemption certification within the first three months following the surcharge effective date, will be given credit for the surcharge to the surcharge effective date.

8. CHANGE IN SERVICE ARRANGEMENT

When a change in service arrangement involves the continued use by the customer of channels furnished by MCI WORLDCOM, installation charges do not apply to the channels continued in use is determined from the date of the initial acceptance thereof.

8. A Late Fee

For Residential and Small Business service customers, a late payment charge of 1.5% may be assessed on payments not received within 30 days from the invoice date, where capabilities exist. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

SECTION B - RULES AND REGULATIONS (Cont.)

REC'D SEP 09 1999

9. INSPECTION

MCI WORLDCOM may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this tariff are being complied with in the installation, operation or maintenance of the customer or MCI WORLDCOM equipment. MCI WORLDCOM may interrupt the service at any time, without penalty to MCI WORLDCOM, because of departure from any of these requirements.

10. CANCELLATION FOR CAUSE BY MCI WORLDCOM (See Section B.5 for Cancellation by Customer)

.01 Upon nonpayment of any sum owing to MCI WORLDCOM (See Section B-7.02), or upon a violation of any of the provisions governing the furnishing of service under this tariff, MCI WORLDCOM may, upon ten (10) days written notification to the customer, without incurring any liability, immediately discontinue the furnishing of such service.

.02 Upon 14 days written notification, MCI WORLDCOM will discontinue furnishing service to a subscriber to Option A (Dial One/Direct Dial) of Metered Use Service who accesses MCI WORLDCOM by dialing a 7 digit access number and has not used the service for a period of 90 days and who appears, after investigation to have left the community.

11. TESTING AND ADJUSTING

Upon reasonable notice, the channels provided by MCI WORLDCOM shall be made available to MCI WORLDCOM for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

SECTION B - RULES AND REGULATIONS (Cont.)

REC'D SEP 09 1999

12. TERMINAL EQUIPMENT

- .01 Terminal equipment, such as teleprinters, handsets or data sets at the premises of the customer and connecting local channels between such premises and the MCI WORLDCOM terminals, shall be furnished by and maintained at the expense of the customer, except as otherwise provided.
- .02 The characteristics of equipment at either end of the channel shall be such that its connection to the channel complies with the minimum protection criteria set forth below, and does not interfere with services furnished to other customers. Additional protective equipment, where required, shall be at the customer's expense.
- .03 When services using Local Exchange Company voice grade facilities are terminated in customer-provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the minimum protective criteria set forth below:
 - .031 When the facilities furnished under this tariff are used in common with Bell System services, it is necessary in order to prevent excessive noise and crosstalk that the power of the signal applied to Bell lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the Band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by MCI WORLDCOM for each application, to be consistent with the signal power allowed on the telecommunications network.

SECTION B - RULES AND REGULATIONS (Cont.)

Missouri Public
Service Commission

REC'D SEP 09 1999

12. TERMINAL EQUIPMENT

.032 To protect the telecommunications services from interference at frequencies which are about the band of service provided, MCI WORLDCOM will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications system at the point of termination to insure that the input to Bell facilities does not exceed the limits indicated:

- the power in the band from 3,995 Hertz to 4,005 Hertz shall be at least 18 dB below the power of the signal as specified in Section 13.031 preceding.
- the power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 dB below one milliwatt.
- the power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 dB below one milliwatt.
- the power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 dB below one milliwatt.
- the power in the band above 40,000 Hertz shall not exceed 50 dB below one milliwatt.

.033 Where there is connection via customer-provided terminal equipment or communications system to a Message Telecommunications Service or a WATS service to prevent the interruption or disconnection of all call, or interference with network control signaling, it is necessary that the signal applied by the customer-provided equipment to the interface at no time has energy solely in the 2450 to 2750 Hertz band. If signal power is in the 2450 to 2750 Hertz band, it must not exceed the power present at the same time in the 800 to 2450 Hertz band.

12. TERMINAL EQUIPMENT (Cont.)

.03 (Cont.)

.034 Where such customer-provided equipment or communications system applies signals having components in the frequency spectrum below 300 Hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in .0341 through .0344 following:

.0341 The maximum rms (root-mean-square) value, including dc and ac components, of the current per conductor will not exceed 0.35 ampere.

.0342 The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.

.0343 The conductor voltage shall be such that the conductor to ground voltage limit in .0342 preceding is not exceeded. If the signal source is not grounded, the voltage limit in .0342 preceding applies to the conductor to conductor voltage.

.0344 The total weighted rms voltage within the band from 50 Hertz to 300 Hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are as indicated:

for frequencies between weighting factor

50 Hertz and 100 Hertz $f^2/10^4$

100 Hertz and 300 Hertz $f^{3.3}/10^{6.6}$

where f is the numerical value of the frequency, in Hertz, of the frequency component being weighted.

SECTION B - RULES AND REGULATIONS (Cont.)13. ALLOWANCE FOR INTERRUPTIONS (Cont.)

- .01 Credit allowance for interruptions of service which are not due to MCI WORLDCOM testing and adjusting, negligence of the customer, or the failure of channels, equipment and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section B-4 preceding. When the service provided by MCI WORLDCOM is interrupted for a period of two consecutive hours or more, credit is allowed for that portion of the service which is affected, in accordance with the following formula:

$$\text{Credit} = \frac{T}{24} \text{ times } C$$

"T" is outage time in hours

"C" is total daily charge for the affected facility

- .02 For the purpose of determining the amount of allowance, every month is considered to have 30 days. Only those segments of service actually affected by the interruption shall be considered in determining the amount of allowance.
- .03 The length of an interruption shall be measured from the time the customer notifies MCI WORLDCOM of the interruption, or from the time a major outage is known to MCI WORLDCOM.
- .04 As used in Section B.13 herein, the term "service" means the circuits or equipment provided by MCI WORLDCOM, and/or a participating international carrier, or an overseas administration connecting with such international carrier.
- .05 MCI WORLDCOM will, at customer request and expense, attempt to make arrangements for redundancy on the customer's service.

Missouri Public
Service Commission

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

REC'D APR 25 2002

SECTION B - RULES AND REGULATIONS (Cont.)16. Reservation of Numbers for MCI 800 Service Service Commission

- .01 MCI WORLDCOM will accept a prospective 800 Service customer's request for a particular 800 Service telephone number (up to ten (10) numbers in total), and will reserve such number(s) on a first come, first served basis. All requests for 800 Service telephone number reservations must be made in writing, dated and signed by a responsible representative of the customer. The MCI 800 Service telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer, provided the customer subscribes to MCI 800 Service within 21 days of the reservation of said number and uses the Service within an additional 90-day period. If the customer who has reserved a number does not subscribe to and use the Service within the appropriate 21- and 90-day periods specified above, the company reserves the right to make the number available for use by another customer in accordance with the terms of this section.
- .02 A prospective MCI 800 Service customer may reserve not more than ten (10) MCI 800 Service telephone numbers. Nothing herein, or in any other provision of this tariff, or in any marketing materials issued by the company, shall give any person, including prospective customers who have reserved an MCI 800 Service telephone number hereunder and customers who subscribe to and use MCI 800 Service, or their transferees or assignees, any ownership interest or proprietary right in any given MCI 800 Service telephone number. If an MCI 800 Service customer terminates the service, any MCI 800 Service telephone number which had been assigned to said customer will be forfeited and revert to MCI.
- .03 Call Blocking:
Without notice, the Company may block calls to or from certain countries, country codes, cities, city codes, NXX exchanges, individual telephone stations, groups or ranges of individual telephone stations or calls that use certain authorization codes, whenever the Company deems it necessary to take such action to prevent: (a) the unlawful use of service; (b) fraud; (c) nonpayment for service; (d) the use of service in violation of the requirements of this Tariff; or (e) Company network blockage or the degradation of service furnished to the Customer or to other customers; or when actions taken by foreign governments or foreign telecommunications agencies, or responsive actions taken by the U. S. Government or any instrumentality thereof, render it impossible or impracticable to provide service. The Company will unblock as soon as it determines it can do so without undue risk, and it will, upon request by an affected Customer, assign new authorization codes to replace any that were deactivated. Whenever call blocking occurs on lines presubscribed to the Company, Customers or former Customers will be unable to make calls via any of the Company's CICs or those of its affiliates. At the request of a private payphone owner, the Company will arrange to block direct dial (i.e., completed without the assistance of an operator) calls made from a payphone to Puerto Rico and the U.S. Virgin Islands and to all international locations, except Canada. The Company may refuse to accept calling or credit card, collect calling and/or third number calls which it determines are or may be fraudulent, or it may limit the use of these billing options to or from certain countries or areas, including all or part of the United States, Puerto Rico, and the U.S. Virgin Islands.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION C - SERVICE DESCRIPTION AND RATES (Cont.)2. DEDICATED LEASED LINE SERVICE¹.01 General Description

Dedicated Leased Line Service is offered in the form of discrete interexchange communications facilities which are dedicated to the use of a specific customer and are billed at pre-determined fixed monthly rates. The customer may elect to have MCI WORLDCOM provide local facilities, may provide his own, or may arrange for any combination thereof. Dedicated Leased line Service may be provided for Analog transmission and Digital transmission and is offered in the following modes:

.011 Analog Service:

.0111 Voice Grade Service is offered in increments of one or more voice grade channels, each with nominal bandwidth of 4 Khz. Such voice grade channels or combinations of voice grade channels may be utilized, on a permissive basis, for voice service, data service, facsimile service or combinations thereof, and may be interconnected with the facilities of other communications carriers and users for a customer's communications needs, such as Voice connecting arrangements. This service is available as point-to-point and multipoint, where capabilities permit.

.0112 Analog Data Service is offered at approximate data speeds of 0-300, 1200, 2400, 4800, 7200, or 9600 bits per second (b.p.s.).

.0113 Alternate Voice Data Service is offered with the capability of voice grade communications and data communications on an alternate use basis.

.012 Digital Service:

.0121 Digital Data Service (DDS) ^{2/} is a point-to-point dedicated circuit used for simultaneous two-way transmission at synchronous speeds of 2.4, 4.8, 9.6, 56 and 64 Kbps.

^{2/}As of November 1, 1998, this service was no longer available to new customers.

¹Effective September 1, 2005, DEDICATED LEASED LINE SERVICE, will no longer be available to new customers.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION C - SERVICE DESCRIPTION AND RATES (Cont.)Missouri Public
Service Commission2. DEDICATED LEASED LINE SERVICE

REC'D JUN 30 2000

.01 General Description

Dedicated Leased Line Service is offered in the form of discrete interexchange communications facilities which are dedicated to the use of a specific customer and are billed at pre-determined fixed monthly rates. The customer may elect to have MCI WORLDCOM provide local facilities, may provide his own, or may arrange for any combination thereof. Dedicated Leased line Service may be provided for Analog transmission and Digital transmission and is offered in the following modes:

.011 Analog Service:

.0111 Voice Grade Service is offered in increments of one or more voice grade channels, each with nominal bandwidth of 4 KHz. Such voice grade channels or combinations of voice grade channels may be utilized, on a permissive basis, for voice service, data service, facsimile service or combinations thereof, and may be interconnected with the facilities of other communications carriers and users for a customer's communications needs, such as Voice connecting arrangements. This service is available as point-to-point and multipoint, where capabilities permit.

.0112 Analog Data Service is offered at approximate data speeds of 0-300, 1200, 2400, 4800, 7200, or 9600 bits per second (b.p.s.).

.0113 Alternate Voice Data Service is offered with the capability of voice grade communications and data communications on an alternate use basis.

.012 Digital Service:

.0121 Digital Data Service (DDS) 1/ is a point-to-point dedicated circuit used for simultaneous two-way transmission at synchronous speeds of 2.4, 4.8, 9.6, 56 and 64 Kbps.

N

1/ As of November 1, 1998, this service was no longer available to new customers.

SECTION C - SERVICE DESCRIPTION AND RATES (Cont.)

2. DEDICATED LEASED LINE SERVICE¹

.01 General Description (Cont.)

.012 Digital Service (Cont.)

.0122 DS1 Service - (DS1) is a point-to-point dedicated circuit used for simultaneous two-way transmission of serial bipolar, isochronous digital signals at a transmission speed of 1.544 Mbps.

.0123 Digital Private Line Service (DPL) is a dedicated digital circuit used for voice and data communications at transmission speeds of upto 64 kbps and fractional T-1 speeds up to 1472 kbps in 56 kbps or 64 kbps increments. This service can be accessed by either Analog Local Access or Digital Local Access, including DS0 Access, Digital Data Local Access, T-1 Digital Access or Terrestrial Digital Service - 45 Local Access. Multipoint service is available for analog data applications and for digital data communications at speeds up to 56 kbps.

.0124 DS0 Hubless Service is a digital local access arrangement which is provided by the Local Exchange Carrier, where available to connect customers' premises to MCI WORLDCOM terminals to provide synchronous digital transmission at data speeds of 2.4, 4.8, 9.6, 56 or 64 kbps.

¹Effective September 1, 2005, DEDICATED LEASED LINE SERVICE, will no longer be available to new customers.
